

# What's New in Antidote 12 v2

## Reformulation on Demand

Keep better track of your correction by rewriting one sentence or passage at a time. No need to switch to the Reformulation mode. This also comes in handy with Live Correction!

WITH SUBSCRIPTION

## New Style Reformulations

Reword your text one sentence at a time in the Style view. Avoid repetitions, fix cumbersome constructions, replace common verbs with stronger ones, or split long sentences.

WITH SUBSCRIPTION

## Even More Flexible Rephrasing

If you only like part of a reformulation suggestion, select each segment you want to replace directly in the tooltip, either in Correction mode or Reformulation mode.

WITH SUBSCRIPTION

## New Reformulation-Boosted Corrections

Antidote now suggests corrections for more complex errors that you previously needed to edit manually, such as redundant clichés.

WITH SUBSCRIPTION

## Improved Correction

Get more apt corrections, including more accurate detections of abrasive tone and a better understanding of legal language.

## Enhanced Dictionaries

Discover over 1900 new words and expressions (e.g. *altcoin*, *epistocracy* and *couch coach*), with a special focus on legal terminology. If your Antidote also handles French, access 65,000 new translations!

Discover all of this edition's [new features](#) on our website, and follow the [Antidote blog](#) for tips and advice on how to use the application, as well as for *Language Matters* and *Word Stories* articles written by our linguists.
